

Parent and Child Rights in Special Education

Procedural Safeguards Notice

An Explanation of Procedural Safeguards Available Under Provisions of the Individuals with Disabilities Education Act (IDEA) and the Colorado Rules for the Administration of the Exceptional Children's Educational Act (ECEA)

PROCEDURES WHEN DISCIPLINING CHILDREN WITH DISABILITIES

AUTHORITY OF SCHOOL PERSONNEL

34 CFR §300.530

Case-by-case determination

School personnel may consider any unique circumstances on a case-by-case basis, when determining whether a change of placement, made in accordance with the following requirements related to discipline, is appropriate for a child with a disability who violates a school code of student conduct.

General

To the extent that they also take such action for children without disabilities, school personnel may, for not more than 10 school days in a row, remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting (which must be determined by the child's individualized education program (IEP) Team), another setting, or suspension. School personnel may also impose additional removals of the child of not more than **10 school days** in a row in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement (see **Change of Placement Because of Disciplinary Removals** for the definition, below).

Once a child with a disability has been removed from his or her current placement for a total of **10 school days** in the same school year, the administrative unit must, during any subsequent days of removal in that school year, provide services to the extent required below under the sub-heading **Services**.

Additional authority

If the behavior that violated the student code of conduct was not a manifestation of the child's disability (see **Manifestation determination**, below) and the disciplinary change of placement would exceed **10 school days** in a row, school personnel may apply the disciplinary procedures to that child with a disability in the same manner and for the same duration as it would to children without disabilities, except that the school must provide services to that child as described below under **Services**. The child's IEP Team determines the interim alternative educational setting for such services.

Services

The services that must be provided to a child with a disability who has been removed from the child's current placement may be provided in an interim alternative educational setting.

An administrative unit is only required to provide services to a child with a disability who has been removed from his or her current placement for **10 school days or less** in that school year, if it provides services to a child without disabilities who has been similarly removed. In Colorado, non-disabled students who have been removed for short term suspensions typically do not receive services during the suspension period. However, the suspending authority must provide every student an opportunity to make up school work during the time of suspension as a means of reintegrating the student into the educational program following the period of suspension. Section 22-33-105(3)(d)(III), C.R.S.

A child with a disability who is removed from the child's current placement for more than **10 school days** must:

1. Continue to receive educational services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; **and**
2. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not happen again.

After a child with a disability has been removed from his or her current placement for **10 school days** in that same school year, and **if** the current removal is for **10 school days** in a row or less **and** if the removal is not a change of placement (see definition below), **then** school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

If the removal is a change of placement (see definition below), the child's IEP Team determines the appropriate services to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

Manifestation determination

Within **10 school days** of any decision to change the placement of a child with a disability because of a violation of a code of student conduct (except for a removal that is for **10 school days** in a row or less and not a change of placement), the administrative unit, the

parent, and relevant members of the IEP Team (as determined by the parent and the administrative unit) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; **or**
2. If the conduct in question was the direct result of the administrative unit's failure to implement the child's IEP.

If the administrative unit, the parent, and relevant members of the child's IEP Team determine that either of those conditions was met, the conduct must be determined to be a manifestation of the child's disability.

If the administrative unit, the parent, and relevant members of the child's IEP Team determine that the conduct in question was the direct result of the administrative unit's failure to implement the IEP, the administrative unit must take immediate action to remedy those deficiencies.

Determination that behavior was a manifestation of the child's disability

If the administrative unit, the parent, and relevant members of the IEP Team determine that the conduct was a manifestation of the child's disability, the IEP Team must either:

1. Conduct a functional behavioral assessment, unless the administrative unit had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; **or**
2. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior.

Except as described below under the sub-heading **Special circumstances**, the administrative unit must return the child to the placement from which the child was removed, unless the parent and the district agree to a change of placement as part of the modification of the behavioral intervention plan.

Special circumstances

Whether or not the behavior was a manifestation of the child's disability, school personnel may remove a student to an interim alternative educational setting (determined by the child's IEP Team) for up to 45 school days, if the child:

1. Carries a weapon (see the definition below) to school or has a weapon at school, on school premises, or at a school function under the jurisdiction of the Colorado Department of Education or an administrative unit;
2. Knowingly has or uses illegal drugs (see the definition below), or sells or solicits the sale of a controlled substance, (see the definition below), while at school, on school premises, or at a school function under the jurisdiction of the Colorado Department of Education or an administrative unit; **or**
3. Has inflicted serious bodily injury (see the definition below) upon another person while

at school, on school premises, or at a school function under the jurisdiction of the Colorado Department of Education or an administrative unit.

Definitions

Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.

Serious bodily injury has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.

Weapon has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code.

Notification

On the date it makes the decision to make a removal that is a change of placement of the child because of a violation of a code of student conduct, the administrative unit must notify the parents of that decision, and provide the parents with a procedural safeguards notice.

CHANGE OF PLACEMENT BECAUSE OF DISCIPLINARY REMOVALS

34 CFR §300.536

A removal of a child with a disability from the child’s current educational placement is a **change of placement** if:

1. The removal is for more than 10 school days in a row;
2. **or** The child has been subjected to a series of removals that constitute a pattern because:
 - a. The series of removals total more than 10 school days in a school year;
 - b. The child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; **and**
 - c. Of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

Whether a pattern of removals constitutes a change of placement is determined on a case-by-case basis by the administrative unit and, if challenged, is subject to review through due process and judicial proceedings.

DETERMINATION OF SETTING

34 CFR § 300.531

The individualized education program (IEP) Team must determine the interim alternative educational setting for removals that are **changes of placement**, and removals under the headings **Additional authority** and **Special circumstances**, above.

APPEAL

34 CFR § 300.532

General

The parent of a child with a disability may file a due process complaint (see above) to request a due process hearing if he or she disagrees with:

1. Any decision regarding placement made under these discipline provisions; **or**
2. The manifestation determination described above.

The administrative unit may file a due process complaint (see above) to request a due process hearing if it believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

Authority of hearing officer

A hearing officer that meets the requirements described under the sub-heading **Impartial Hearing Officer** must conduct the due process hearing and make a decision. The hearing officer may:

1. Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of the requirements described under the heading **Authority of School Personnel**, or that the child's behavior was a manifestation of the child's disability; **or**
2. Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

These hearing procedures may be repeated, if the administrative unit believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

Whenever a parent or an administrative unit files a due process complaint to request such a hearing, a hearing must be held that meets the requirements described under the headings **Due Process Complaint Procedures, Hearings on Due Process Complaints, and Appeal of decisions; impartial review**, except as follows:

1. The Colorado Department of Education must arrange for an expedited due process hearing, which must occur within **20** school days of the date the hearing is requested and must result in a determination within **10** school days after the hearing.
2. Unless the parents and the administrative unit agree in writing to waive the meeting, or agree to use mediation, a resolution meeting must occur within **seven** calendar days of receiving notice of the due process complaint. The hearing may proceed unless the matter has been resolved to the satisfaction of both parties within **15** calendar days of receipt of the due process complaint.
3. A State may establish different procedural rules for expedited due process hearings than it has established for other due process hearings, but except for the timelines, those rules must be consistent with the rules in this document regarding due process hearings.

A party may appeal the decision in an expedited due process hearing in the same way as they may for decisions in other due process hearings (see **Appeals**, above).

PLACEMENT DURING APPEALS

34 CFR §300.533

When, as described above, the parent or administrative unit has filed a due process complaint related to disciplinary matters, the child must (unless the parent and administrative unit agree otherwise) remain in the interim alternative educational setting pending the decision of the hearing officer, or until the expiration of the time period of removal as provided for and described under the heading **Authority of School Personnel**, whichever occurs first.

PROTECTIONS FOR CHILDREN NOT YET ELIGIBLE FOR SPECIAL EDUCATION AND RELATED SERVICES 34 CFR §300.534

General

If a child has not been determined eligible for special education and related services and violates a code of student conduct, but the administrative unit had knowledge (as determined below) before the behavior that brought about the disciplinary action occurred, that the child was a child with a disability, then the child may assert any of the protections described in this notice.

Basis of knowledge for disciplinary matters

An administrative unit must be deemed to have knowledge that a child is a child with a disability if, before the behavior that brought about the disciplinary action occurred:

1. The parent of the child expressed concern in writing that the child is in need of special education and related services to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child;
2. The parent requested an evaluation related to eligibility for special education and related services under Part B of the IDEA; **or**
3. The child's teacher, or other administrative unit personnel expressed specific concerns about a pattern of behavior demonstrated by the child directly to the administrative unit's director of special education or to other supervisory personnel of the administrative unit.

Exception

An administrative unit would not be deemed to have such knowledge if:

1. The child's parent has not allowed an evaluation of the child or refused special education services; **or**
2. The child has been evaluated and determined to not be a child with a disability under Part B of the IDEA.

Conditions that apply if there is no basis of knowledge

If prior to taking disciplinary measures against the child, an administrative unit does not have knowledge that a child is a child with a disability, as described above under the sub-headings **Basis of knowledge for disciplinary matters** and **Exception**, the child may be subjected to the disciplinary measures that are applied to children without disabilities who engaged in comparable behaviors.

However, if a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.

Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the administrative unit, and information provided by the parents, the administrative unit must provide special education and related services in accordance with Part B of the IDEA, including the disciplinary requirements described above.

REFERRAL TO AND ACTION BY LAW ENFORCEMENT AND JUDICIAL AUTHORITIES 34 CFR §300.535

Part B of the IDEA does not:

1. Prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities; **or**
2. Prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

Transmittal of records

If an administrative unit reports a crime committed by a child with a disability, the administrative unit:

1. Must ensure that copies of the child's special education and disciplinary records are transmitted for consideration by the authorities to whom the agency reports the crime; **and**
2. May transmit copies of the child's special education and disciplinary records only to the extent permitted by the Family Educational Rights and Privacy Act (FERPA).
